ARTIFICIAL INTELLIGENCE PROFESSIONAL (AIP)
- A Career for Next Generation

The Artificial Intelligence career path prepares students to apply AI in real-life. This will require skills in Machine Learning, Natural language processing (NLP), Chatbots, and Computer vision. Training topics will include AI, IBM Watson, hands-on and case studies on Machine Learning, NLP, Chatbots, and Computer vision.

LEARNING TRACK 01
- *Artificial Intelligence Overview, trends, advancements*
- *Types of AI and its applications*
- *(AI) research focus & Business analytics*
- *Complex usage of Python in AI, ML and deep learning.*

LEARNING TRACK 02
- *IBM Watson and how it works*
- *IBM Watson technology case studies from Deep QA to Watson services*
- *IBM Watson services available on IBM cloud*

LEARNING TRACK 03
- *Machine learning*
- *IBM Watson Services, IBM Watson Studio,*
- *Watson machine learning, IBM Watson knowledge studio*
- *Deep learning and neural network modeller*
- *NLP concepts, applications, and case studies*
- *NLP Watson services*
- *Introduction to chatbots and chatbots components*
- *How to build a chatbot with Watson assistant*
- *Computer vision components and pipeline*
- *how to classify images with Watson visual recognition*
- *Building intelligent solutions by integrating IBM Watson*

ASSOCIATED JOB ROLE
- *Artificial Intelligence analyst*
- *Artificial Intelligence architect*
- *IBM Watson analyst*
- *Artificial Intelligence professional*
- *Data scientist*

Eligibility:
Graduates/BE/B.Tech/BCA/ BBA/B.SC/Diploma

Contact: BKV Learning Systems
103,NAVKAR Complex Mumbai Center, Andheri (E)
Phone No: +91 9820511668 / +91 9820007464
Counsellor /Attended by:

"All in one Single AIP Program"

- 200 Hours of Power packed Certified class learning
- 2 months of paid in-house internship Program post completion of 4 months of learning with experience certificate
- Dedicated LAB classes and Hands on Training
- Live IBM Projects and project work
- IBM Certified Senior Subject matter Expert and dedicated Faculty /Instructor for the Class
- Live Project in BFSI, Health, Social Media
- IBM standard courseware and Curriculum
- IBM Cloud Factory for Hands on Training
- Individual certificate from IBM and final course certificate from BKV School of Analytics Cloud & Security (SACS)
